## CAREER OBJECTIVE

Skilled Java Full Stack Developer with expertise in Java, Spring Boot, and React. Seeking to contribute to dynamic projects by delivering scalable web applications and continuously enhancing my technical skills within a collaborative team.

## EDUCATION

**Chalapathi Institute of Technology** - Guntur, Andhra Pradesh

Bachelor of Technology in Computer Science and Engineering

**June 2020 – May 2024**

**CGPA: 7.6 Percentage: 70**

**NRI Junior College** – Tenali, Andhra Pradesh

Mathematics, Physics, Chemistry

**June 2018 – March 2020**

**CGPA: 9.4 Percentage: 89**

## TECHNICAL SKILLS

- ❖ **Languages** : Core Java, Python
- ❖ **Web Development** : HTML, CSS, JavaScript, Bootstrap
- ❖ **Database Management** : MySQL
- ❖ **Frameworks** : Spring Boot, React.js
- ❖ **Version Control** : GitHub
- ❖ **Coding Platforms** : LeetCode, GeeksforGeeks, Code360

## PROJECTS

### Food Ordering System

- ❖ **Technologies:** HTML, CSS, JavaScript, MySQL, PHP
- ❖ Developed a user-friendly e-commerce web application for ordering food.
- ❖ Implemented responsive design using Bootstrap.
- ❖ **Github Link:** <https://github.com/nazeer007/Foodie-Photos-Video.git>

### Student Management System

- ❖ **Technologies:** Java, MySQL, Spring Boot
- ❖ Created a full-stack application for managing student data with CRUD operations.
- ❖ **Github Link:** <https://github.com/nazeer007/Student-Management-System-Spring-Boot.git>

### Song Recommendation Based on Voice Tone Analysis

- ❖ Designed and developed basic interactive chat bot application using Python
- ❖ The main aim of the project is to recommend songs to user based on the user's voice tone

## INTERNSHIP EXPERIENCE

**Software Development Intern** - KodNest

**March 2024**

**Course:** Java Full Stack

- ❖ Worked on full-stack Java development, focusing on secure coding and integration.
- ❖ Gained practical experience in back-end development and security best practices.

## ACHIEVEMENTS

- ❖ Participated coding contests in Code360, CodeChef
- ❖ Solved 20+ problems on LeetCode, GeeksforGeeks and Code360 focusing on algorithms and data structures.
- ❖ Created my Portfolio website using HTML, CSS, JavaScript

## CERTIFICATIONS

- ❖ **Certified Java Full Stack Developer** – KodNest June, 2024

## INTERESTS

- ❖ Reading books and listening to audio books.
- ❖ Learning new skills to stay updated on the latest trends and technologies.

---

### STRENGTHS

- ❖ **Interpersonal Skills:** Strong verbal and written communication skills, crucial for collaborating with clients and team members.
- ❖ **Problem-Solving:** Good problem solving techniques and demonstrated ability to identify issues and implement effective solutions.

---

### DECLARATION

I hereby declare that the above mentioned details are true to the best of my knowledge and belief.
